**Fabrication**

**In-Line Plastics can handle your fabrication needs. For 15 years In-Line Plastics has been a leader in Custom Fabricated Projects with capabilities in excess of 200,000 sf. Custom Fabricated Pads of 400 feet in length and any desired width is not a problem.**

**Roll dimensions are controlled by the weight of each roll and the customer's capabilities to handle these weights.**

**8615 Golden Spike Lane, Houston, TX 77086**

**Phone: (281) 272-1660 Fax: (800) 449-5090**

**Fabricating 4,000 lb – 12,000 lb rolls is not an issue for In-Line Plastics. It all depends on the customer's specifications and how much you can handle.**

**4,000 lb projects convert to:**

**12 mil = 66,700 Square Feet pads**

**20 mil = 40,000 Square Feet pads**

**30 mil = 27,000 Square Feet pads**

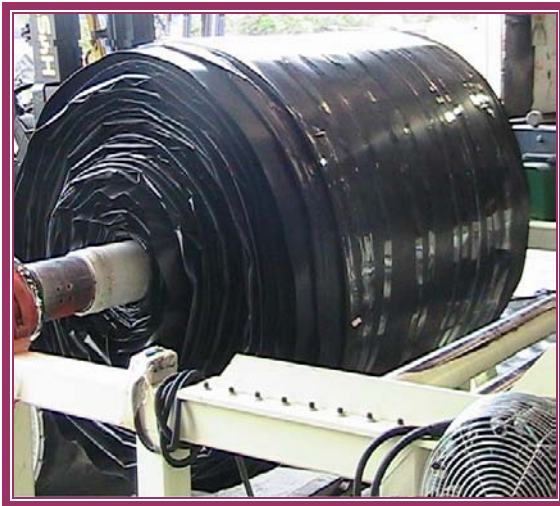

**40 mil = 20,000 Square Feet pads**

**8615 Golden Spike Lane, Houston, TX 77086**

**Phone: (281) 272-1660 Fax: (800) 449-5090**

**How BIG are your specification requirements? 12,000 lbs?**

### **Fabricated Master Rolls:**

**12mil = 57' X 880' = 50,160 SF**

**20mil = 56' X 535' = 29,960 SF**

**30mil = 55' X 365' = 20,075 SF**

**40mil = 53' X 285' = 15,105 SF**

**Let In-Line Plastics handle your fabrication needs by custom manufacturing pre-fabricated projects per your specifications and ship direct to you or the project site.**
